

Bosaso Orphanage Project

A Step Towards Empowerment and Social Justice

Introduction

The Suladan Foundation is committed to transforming the lives of orphans in Bosaso, Somalia, by providing them with access to education, shelter, and holistic care. Our mission is to educate, empower, and elevate vulnerable children, ensuring they grow into responsible and productive members of society. This proposal outlines our plan to establish a comprehensive orphanage and educational facility in Bosaso to cater to orphaned and vulnerable children.

Somalia, particularly the Bosaso region, faces significant socio-economic challenges that leave many children orphaned and without access to basic needs such as education, healthcare, and shelter. These challenges include:

- High orphan rates due to conflict, displacement, and poverty.
- Limited access to quality education, leaving children without the skills necessary for a better future.
- Inadequate shelter and safety, exposing orphans to homelessness, abuse, and exploitation.
- High-risk exposure to dangerous lung disease, malaria, and malnutrition.
- Insufficient social services to support vulnerable children in their psychological, social, and emotional development.

Without urgent intervention, many of these children will struggle to break free from the cycle of poverty and vulnerability.

Our Mission

To provide orphaned and vulnerable children in Bosaso with quality education, safe shelter, and holistic support, empowering them to build a brighter future through knowledge, care, and opportunity

Our Vision

A future where every orphan in Somalia has access to education, security, and the resources needed to thrive as empowered, self-sufficient, and compassionate members of society

Our Project

Education Center

A formal schooling system with a primary and secondary curriculum integrated with vocational training. Qur'anic and moral education to instill ethical values and discipline. Access to library and digital learning resources to enhance knowledge acquisition.

Residential and Welfare Support

Safe and secure accommodation with well-structured dormitories. Nutritious meals and healthcare support to ensure children's well-being. Counseling and mentorship programs to cater to emotional and psychological needs.

Community and Skill Development

Vocational training in skills such as tailoring, carpentry, and technology to ensure self-sufficiency. Entrepreneurship training to equip children with financial literacy and independence. Sports and recreational activities for social bonding and physical well-being.

Project Design and Infrastructure

Based on the Full Design and Bill of Quantities (BOQ) documents, our orphanage will consist of:

- **Block A:** Classrooms for educational activities.
- **Block B:** Principal's office, teachers' rooms, and canteen.
- **Block C:** Additional classrooms and teacher facilities. Hostels: Dormitories for boys and girls with essential amenities. Masjid: A dedicated prayer and spiritual development space. Toilets, Laundry Area, and Dining Area to ensure hygiene and well-being.

The project is designed with sustainability and scalability in mind, allowing for future expansion.
